

Solutions

BAR/CLUBS

Monitor your patrons, staff, and cash flow within your business in one app.

SOLINK CAN HELP YOU FIND AND RESOLVE INCIDENTS IN YOUR BAR OR CLUB, KEEPING YOUR PATRONS SAFE AND HAVING A GOOD TIME.

Improve risk management and the security of your business by comparing data that's aligned perfectly with video. Set ongoing search filters, and review daily curated custom reports on outlying activity, delivered right to your inbox. Over 10,000 locations trust Solink to uncover valuable business insights with existing security cameras. These are some of the great ways that Solink supports your fraud investigations and keeps your institution running smoothly.

The difference is in the data.

Solink interprets and clarifies the data created by your locations' systems, and then pairs each moment with security camera video footage to give you the full context for each event. Solink will highlight unusual activity and outlying events, making it easy for you to act on what matters most.

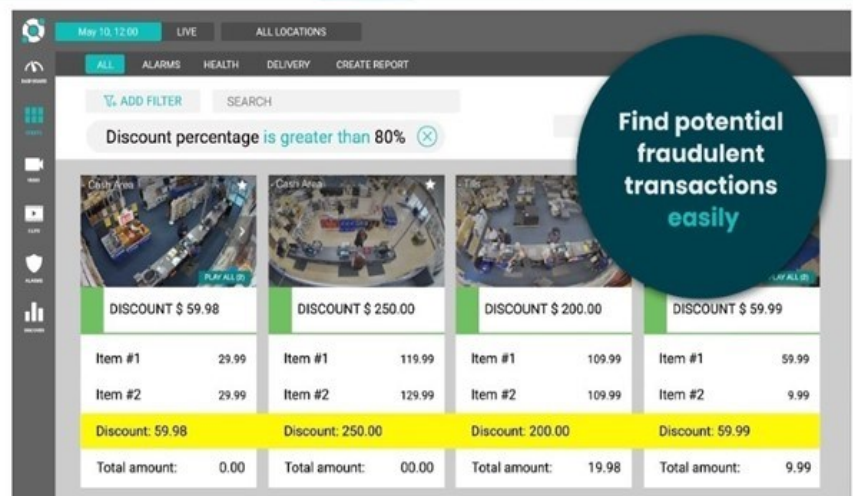

Holistic asset protection

Uncover internal, external, and operational issues within minutes.

Automate your investigations

Integrate POS data, case management, exception-based reporting, and video analytics with Solink.

Find potential fraudulent transactions easily

Discount	Item #1	Item #2	Total amount
\$ 59.98	29.99	29.99	0.00
\$ 250.00	119.99	129.99	00.00
\$ 200.00	109.99	109.99	19.98
\$ 59.99	59.99	9.99	9.99

Turn loss prevention into a profit center

Increase your revenue with Solink's smart analytics & video insights

Solink can be the hub of 1 or 1000+ sites.

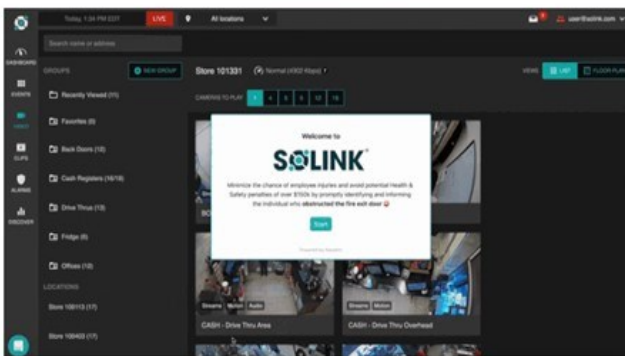

Our platform is ready to take on any challenge. There is no limit to the number of sites we can connect to, which gives you remote, mobile access to each store's data and security cameras anytime, anywhere. Solink eliminates the need for multiple software subscriptions; work smarter with Solink.

Solink integrates with your existing camera system.

Solink's Camera Linking AI automatically creates associations between cameras by detecting motion patterns across adjacent cameras. When reviewing footage in Solink's video player, you can navigate from one camera to another intuitively without prior knowledge of the site's layout.

FIND WHAT YOU'RE LOOKING FOR IN SECONDS.

Save hours sifting through video to find what your looking for in seconds with **motion search** in our **self-guided tour**.

CUSTOMIZABLE DASHBOARD

Track important details, from average sales value or discounts to safety incidents with ease on any device. View the metrics that matter most to you.

360 CAMERAS

Solink's ability to integrate with 360-degree cameras offers you even more insight into your business. Solink is able to record in all directions and replace roughly 3-4 cameras with one 360 security camera. These cameras are ideal for spot auditing your facilities for safety or security violations.

DAILY DIGEST

Solink sends reports and alerts to your mobile device or email. Customizable daily digest and push notifications keep you aware of unusual activity without any manual searching.
